Syfte

Eleven tränar taluppfattning genom att kombinera tal med antal.

Beskrivning

Med det här materialet tränar eleven att se eller räkna antal och kombinera rätt antal med rätt tal.

Material

Du behöver endast skriva ut arbetsbladen. Du kan också laminera arbetsbladen om du vill att de kan användas flera gånger. Då behövs en vattenlöslig tusch som går att sudda bort med en pappershandduk. Du kan också lägga in arbetsbladet i en plastficka.
