Syfte

Eleven tränar taluppfattning 1-5.

Eleven tränar på att lägga ut rätt antal djur vid olika tal.

Gör så här

Välj talområde och vilken representation av talet ni vill öva på. Plocka fram laminerade djur, eleven kan välja vilka djur hen vill jobba med. Plocka rätt antal djur vid varje tal.

Om korten känns för små kan du skriva ut materialet i A3.

Tips!

Fäst karborre tejp på dina laminerade bottnarna och på djurkortet så hålls de bättre på plats.
