Till läraren

Syfte

Eleven tränar taluppfattning 1-5.

Eleven tränar på att räkna och kombinera antal med rätt tal (strecktal, fingertal och talsymbol).

Material

- uppgiftsbottnar
- laminerade kort med strecktal, fingertal eller talsymbol

Gör så här

Skriv ut och laminera arbetsblad samt korten med strecktal, fingertal och talsymbol. Träna på att räkna antal och lägg rätt talkort eller alternativt skriv rätt tal i rutan.

Om det känns att korten är för små kan du skriva ut materialet i A3.
