

Geometriska former

Namn: _____

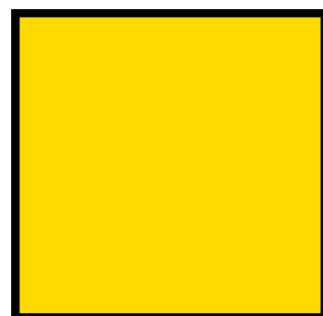

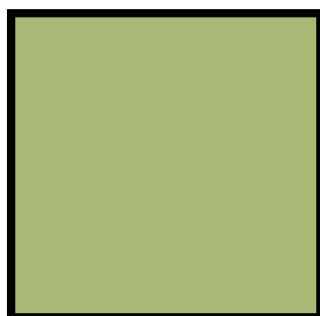

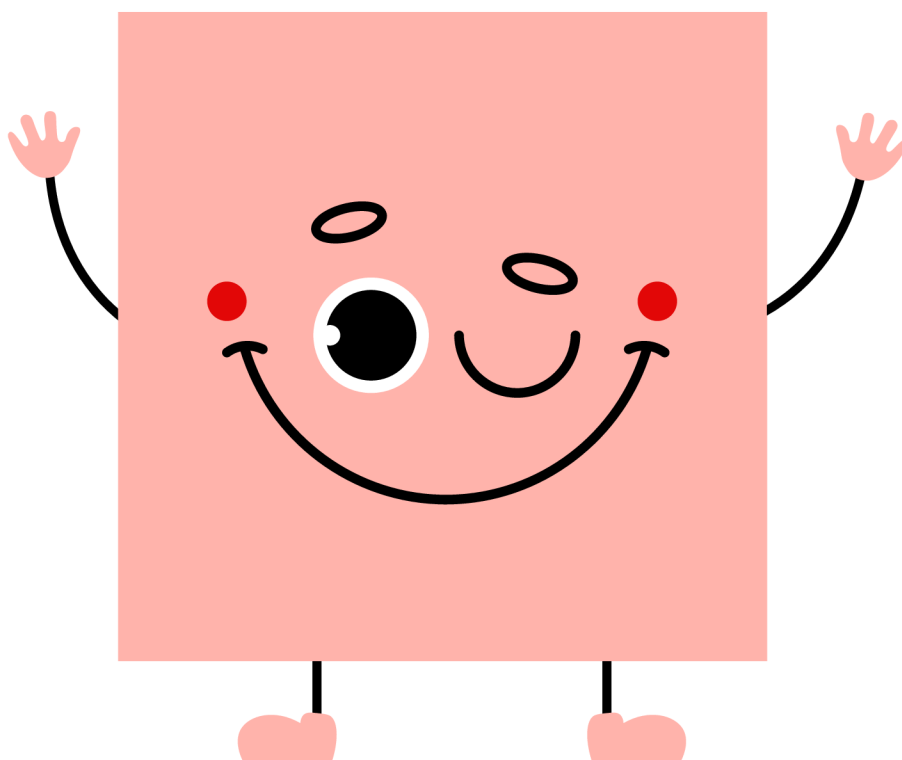

Klass: _____

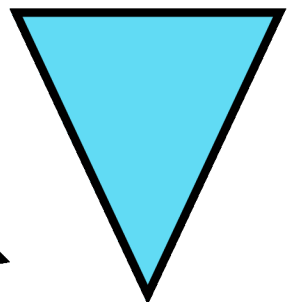

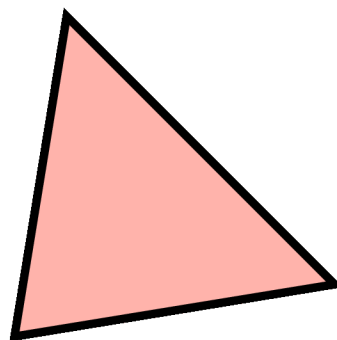

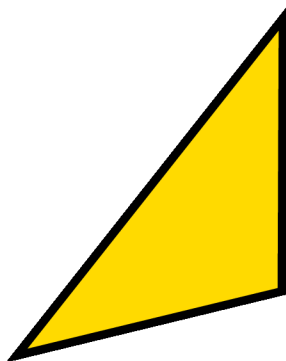

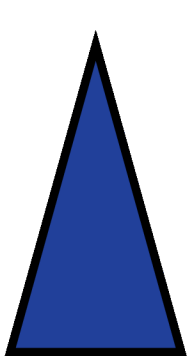

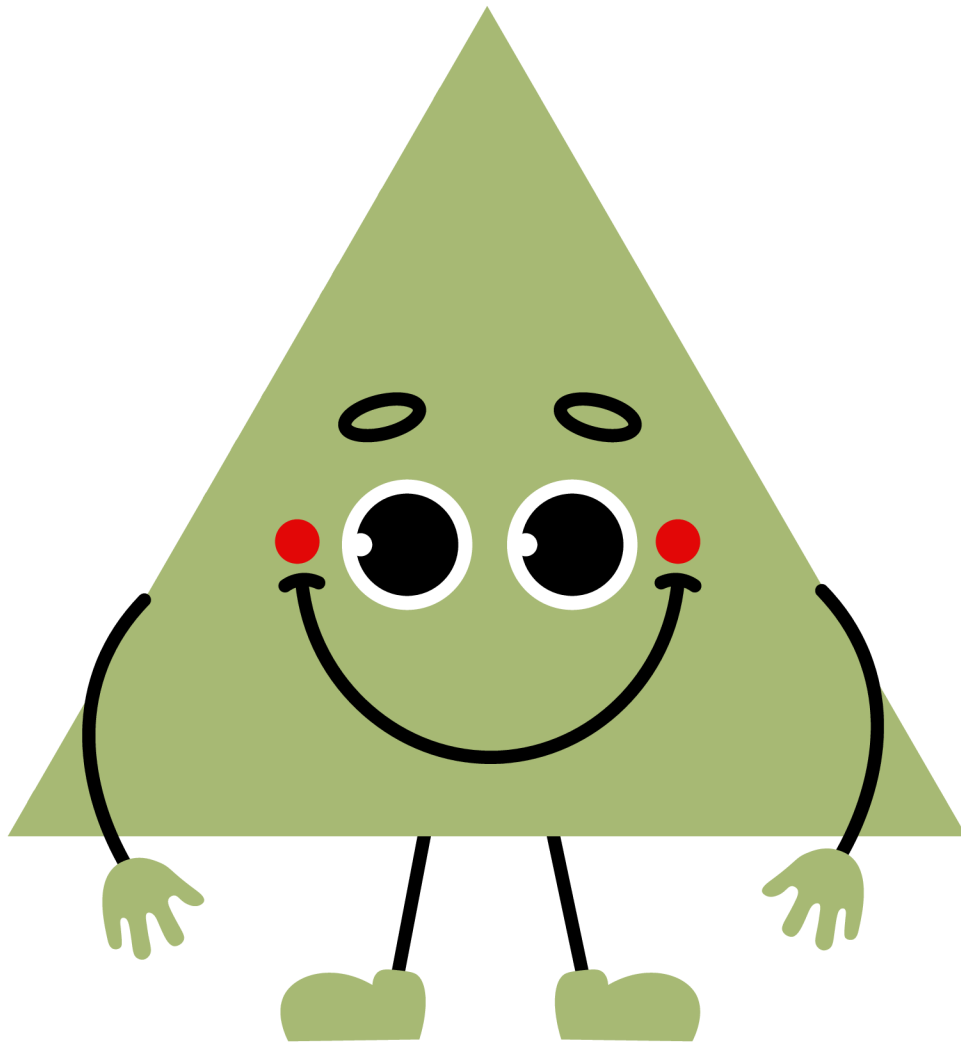

REKTANGEL

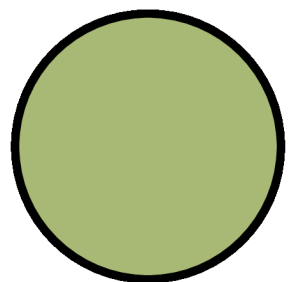

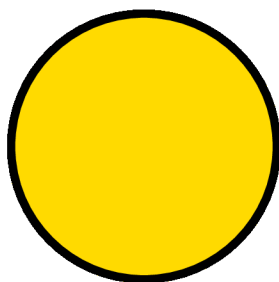

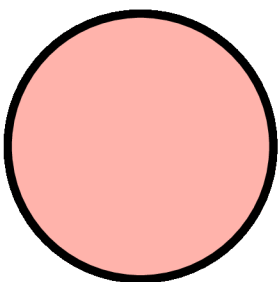

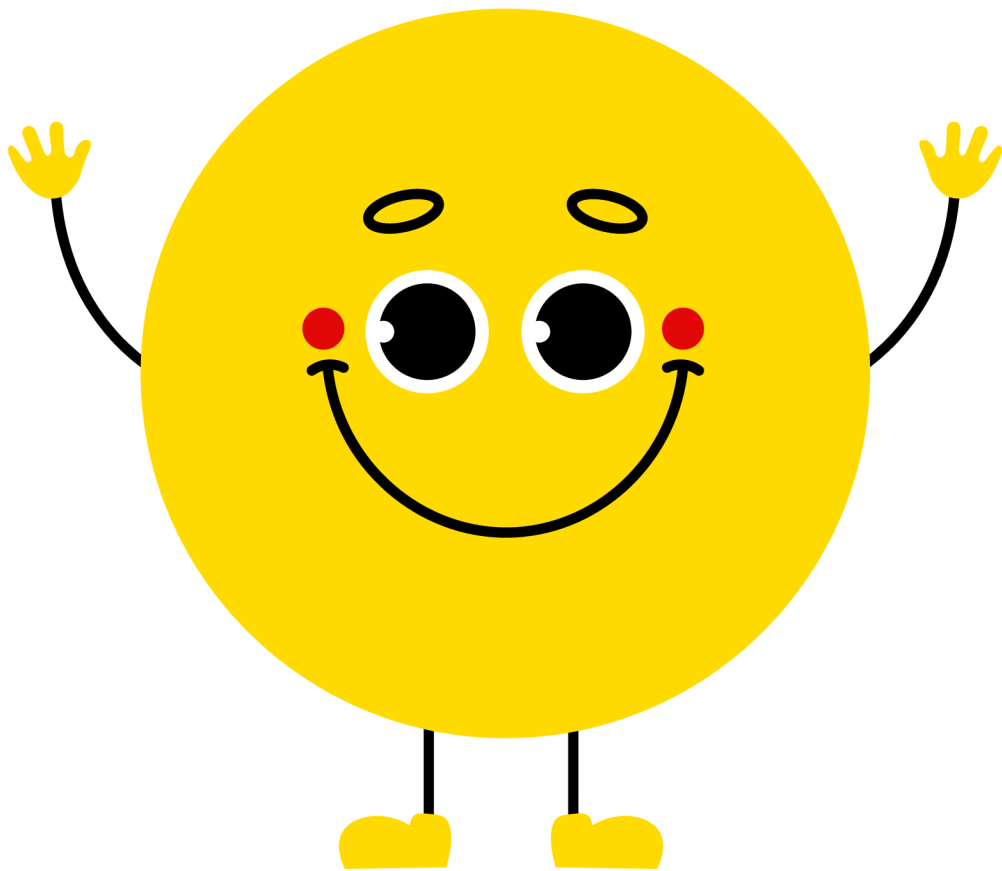

KVADRAT

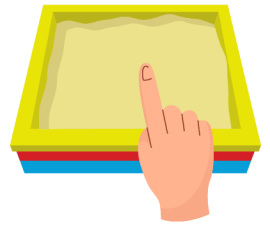

TRIANGEL

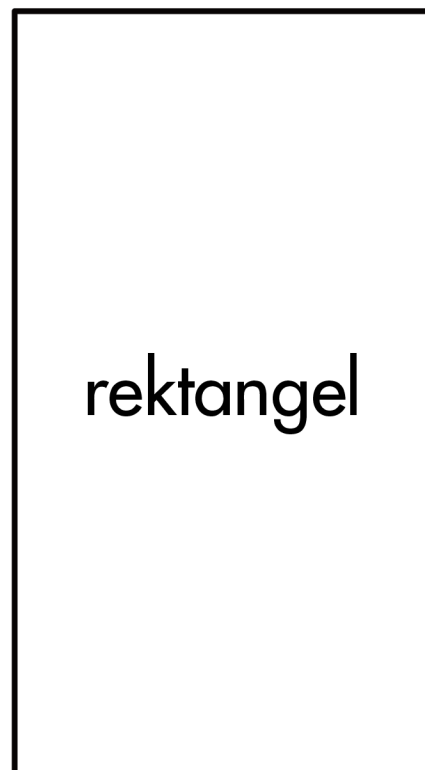

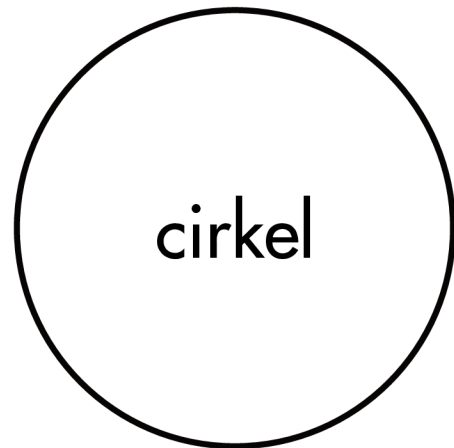

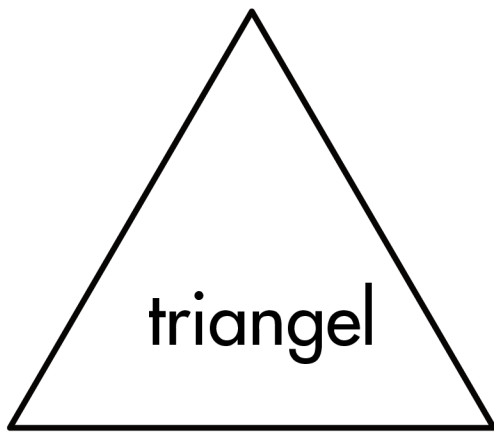

CIRKEL

Rita i sand eller salt

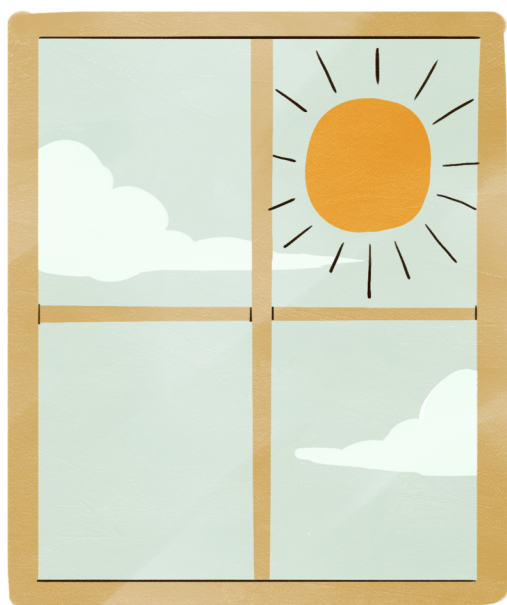

Öva på att rita formerna på en bricka med sand eller salt.

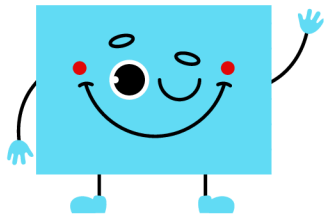

Sök former

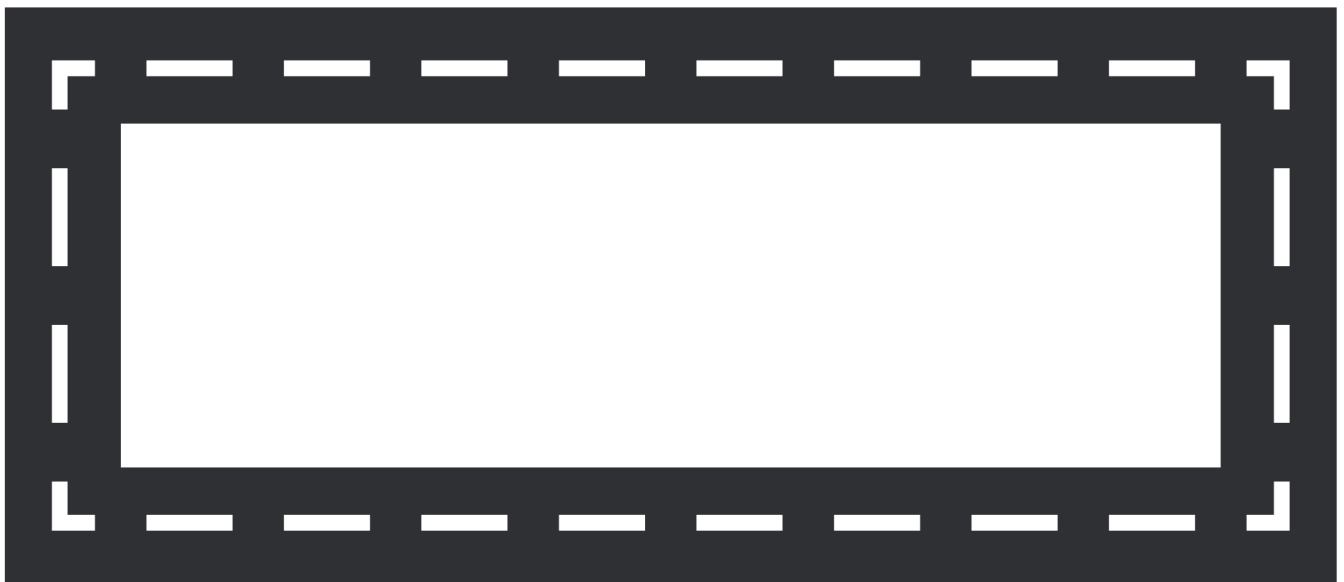

Hitta och fotografera rektanglar, kvadrater, trianglar och cirklar i klassrummet och på skolgården.

Rektangel

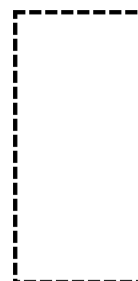

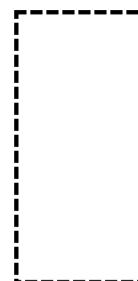

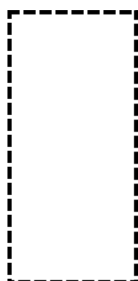

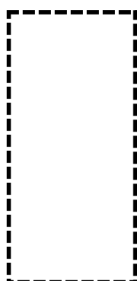

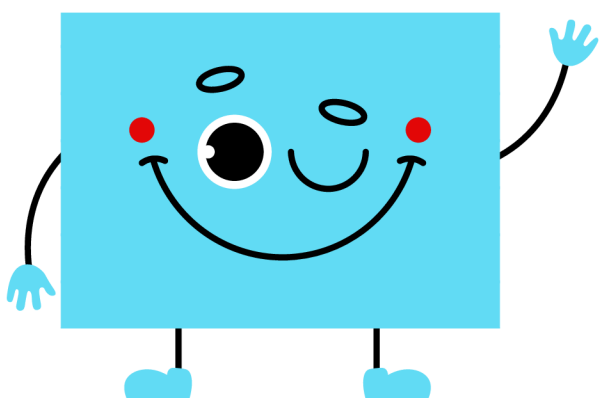

- Åk runt rektangeln med en leksaksbil.
- Spåra med fingret.
- Spåra med penna.

Rektangel

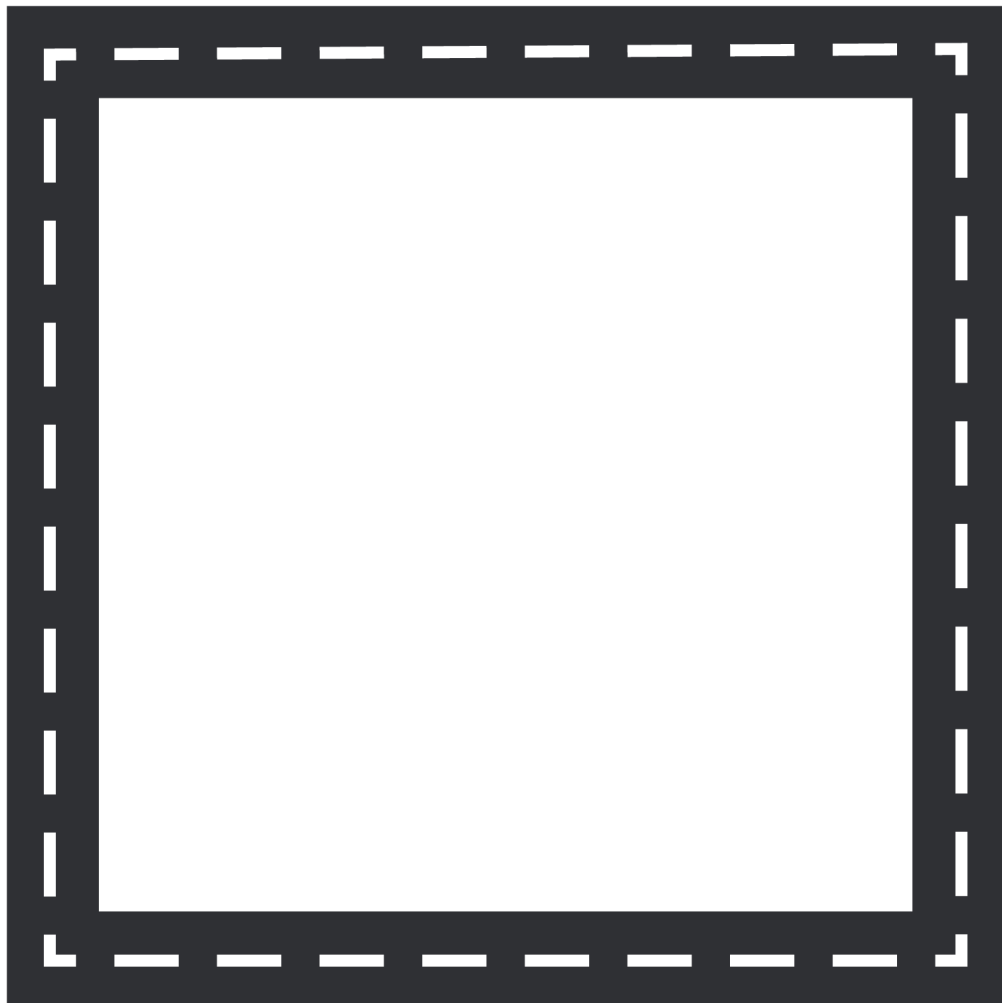

Spåra rektanglarna.

Kvadrat

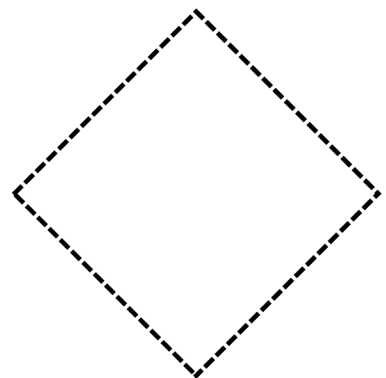

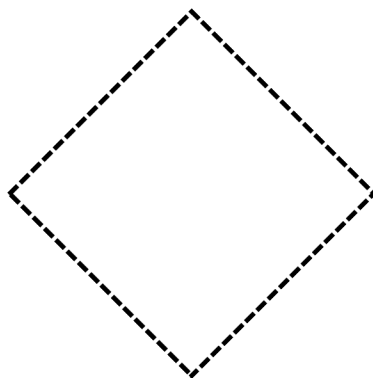

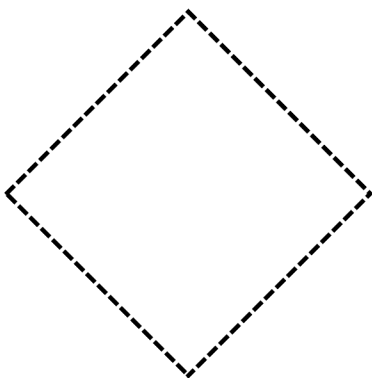

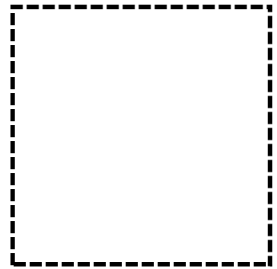

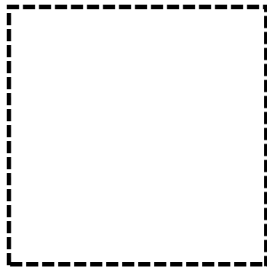

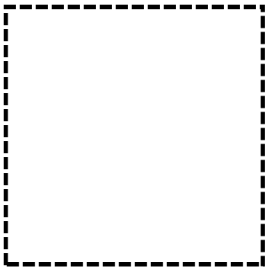

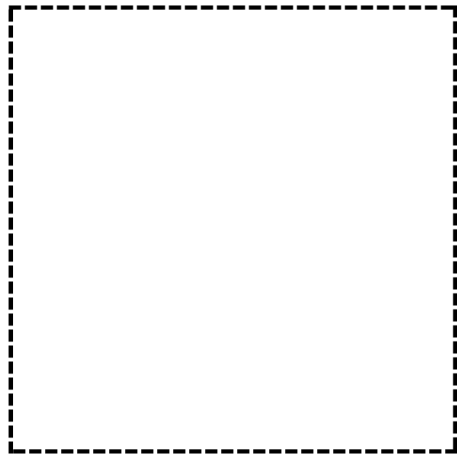

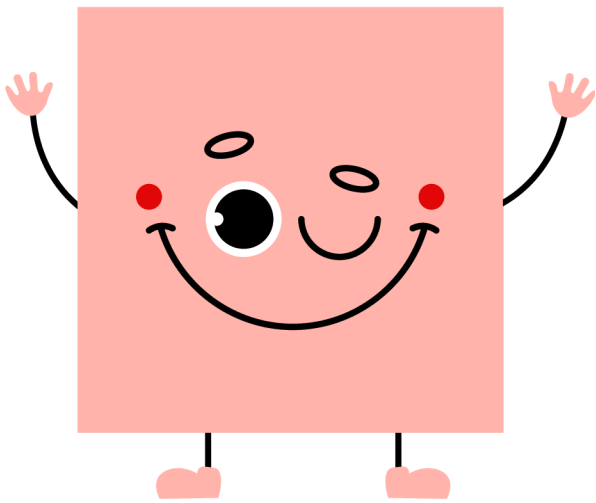

- Åk runt kvadraten med en leksaksbil.
- Spåra med fingret.
- Spåra med penna.

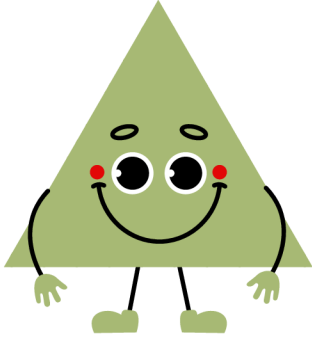

Kvadrat

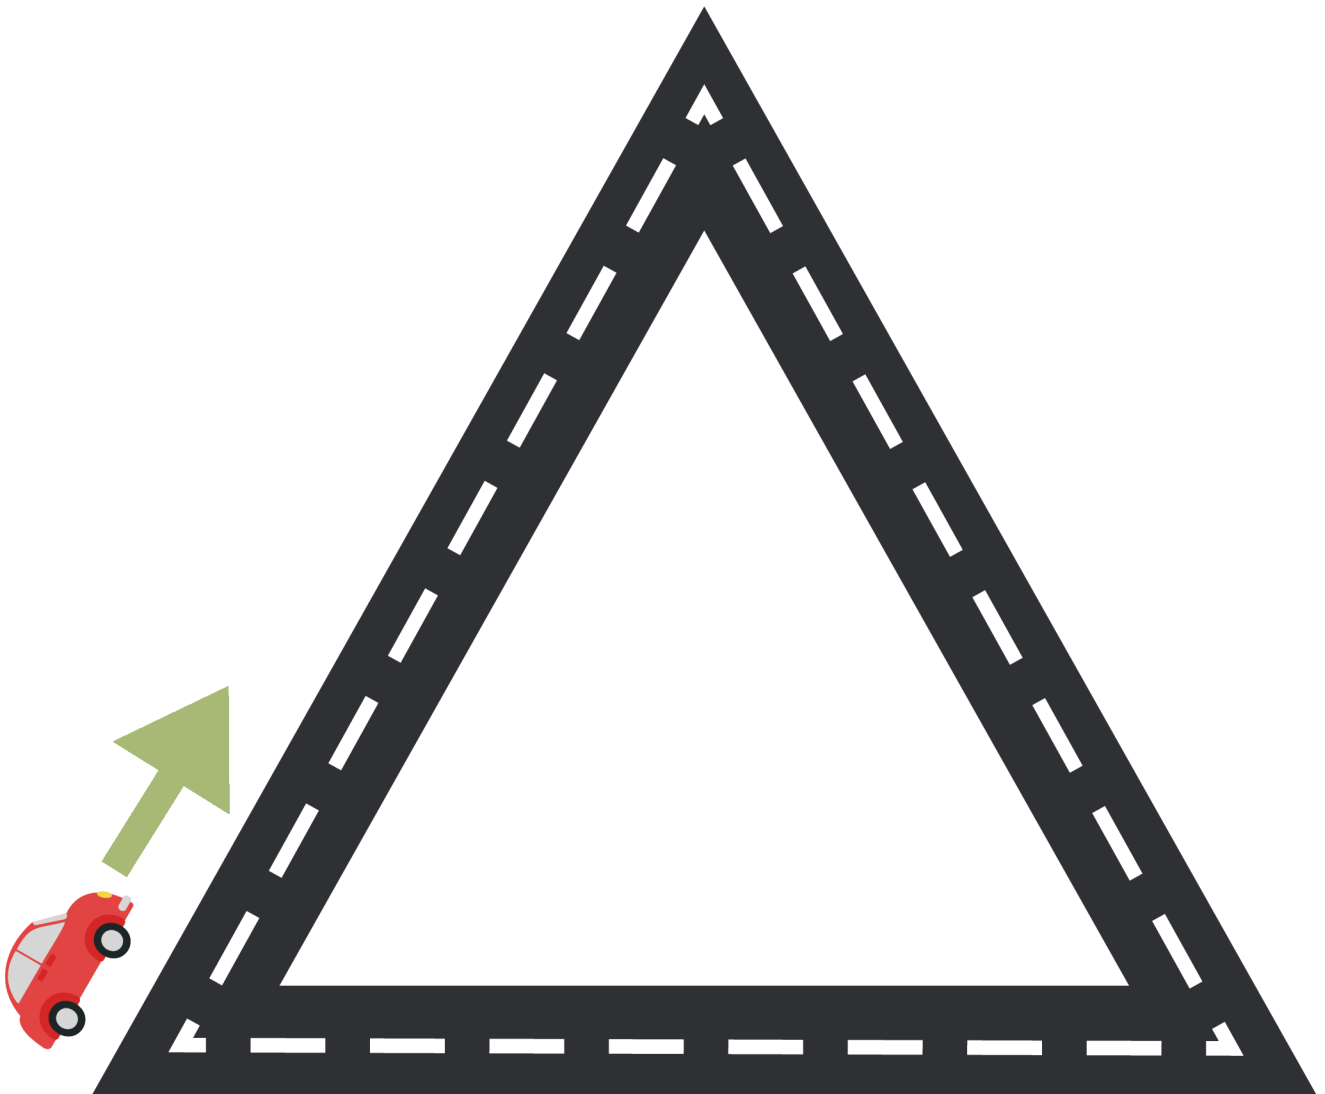

Spåra kvadraterna.

Triangel

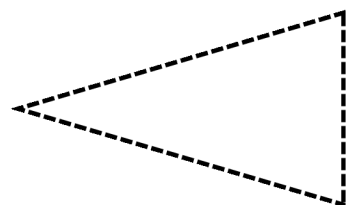

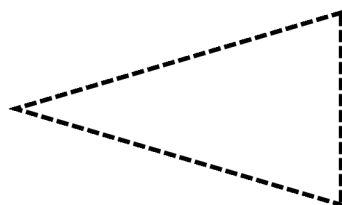

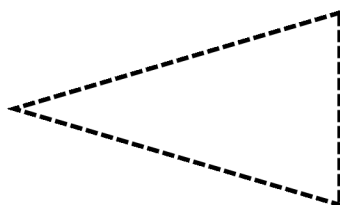

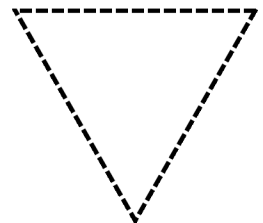

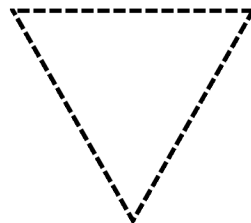

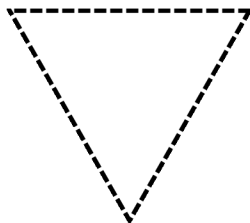

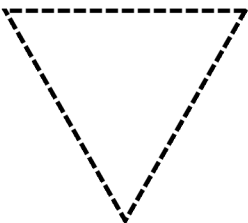

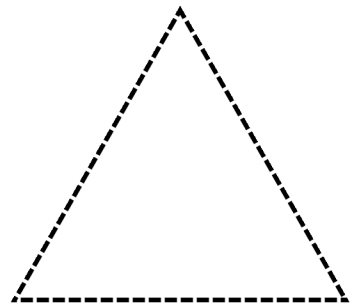

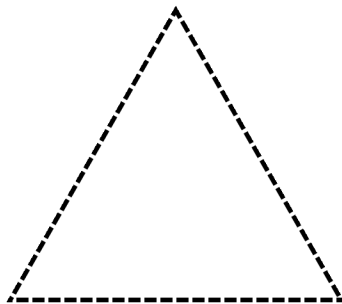

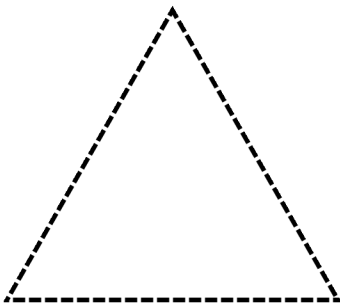

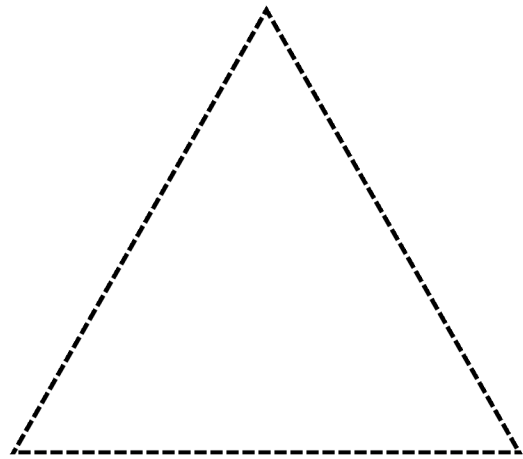

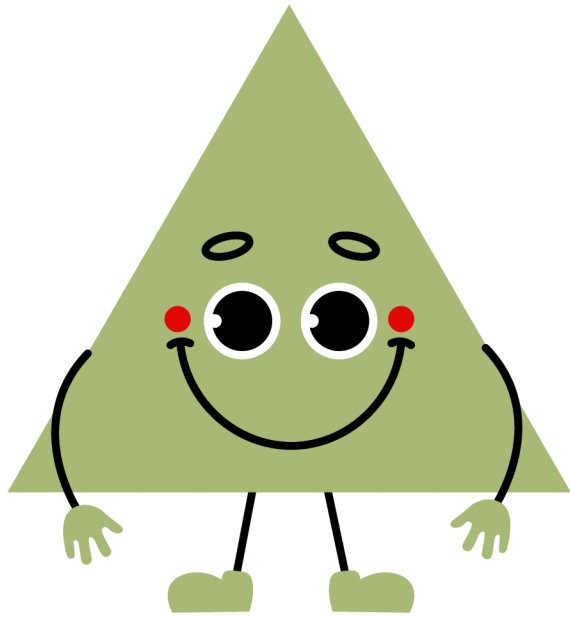

- Åk runt triangeln med en leksaksbil.
- Spåra med fingret.
- Spåra med penna.

Triangel

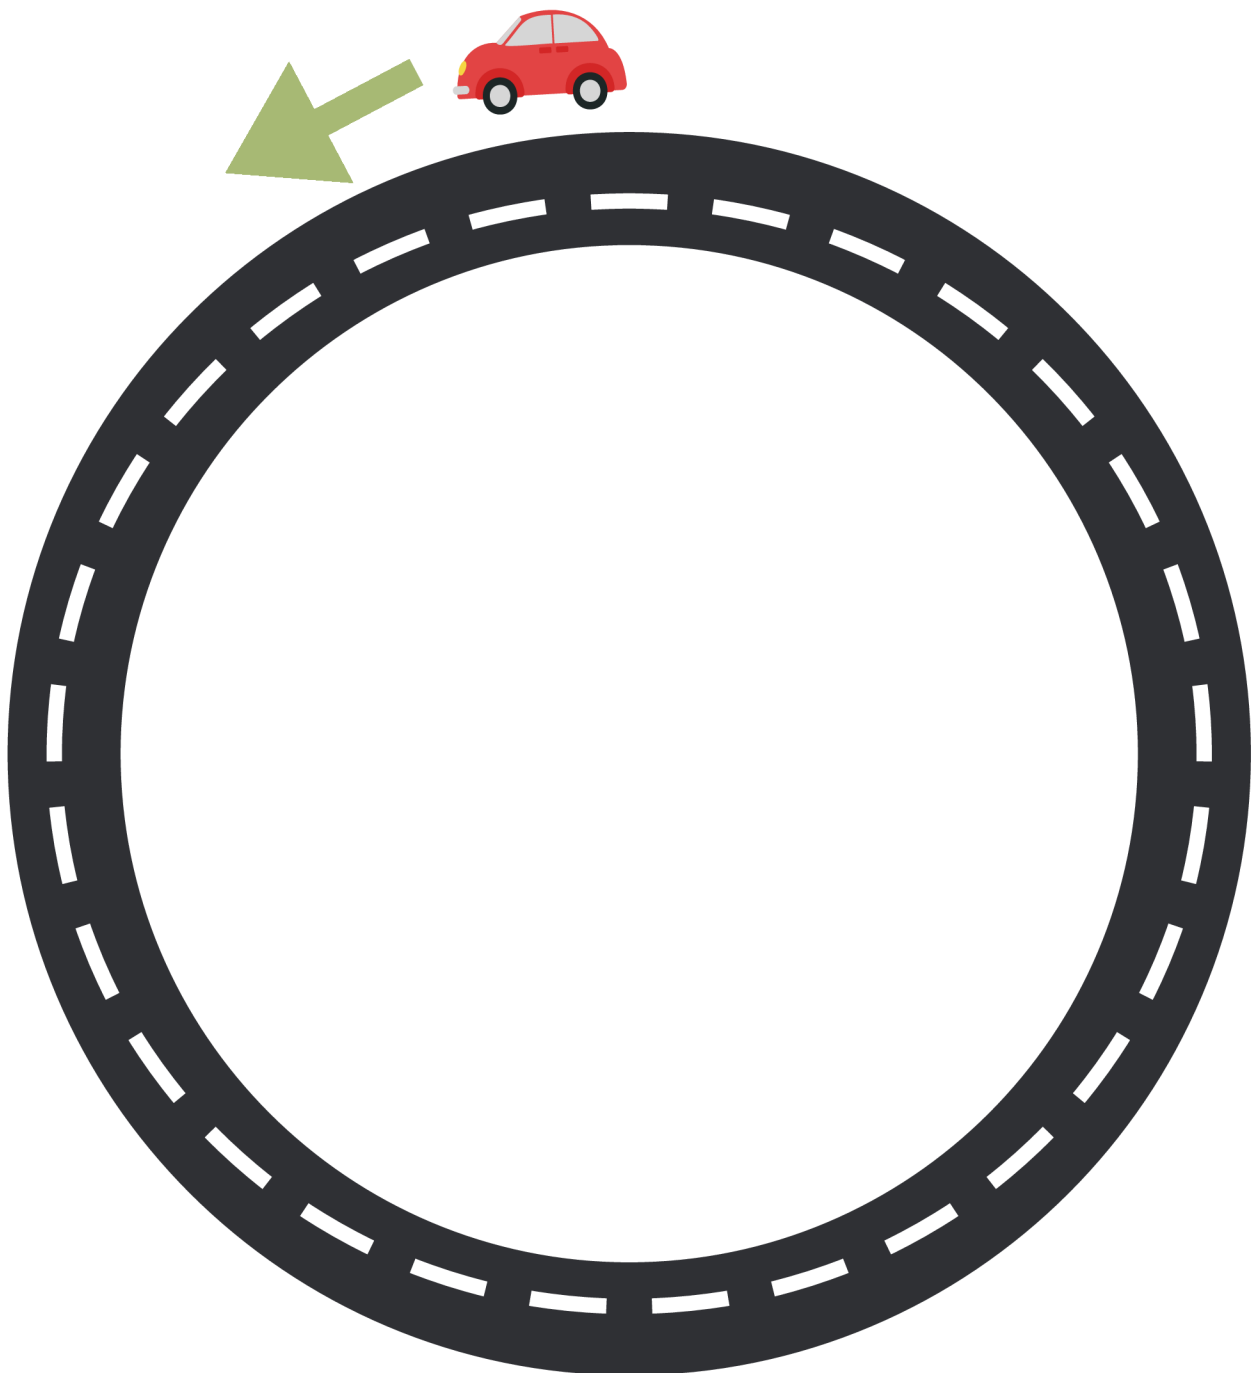

Spåra triangelarna.

Cirkel

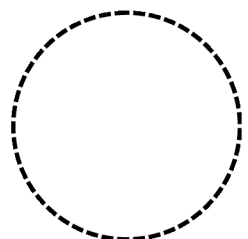

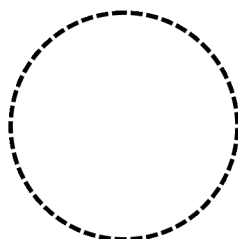

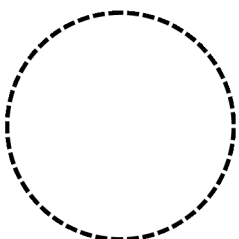

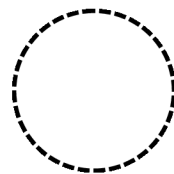

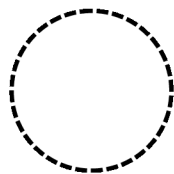

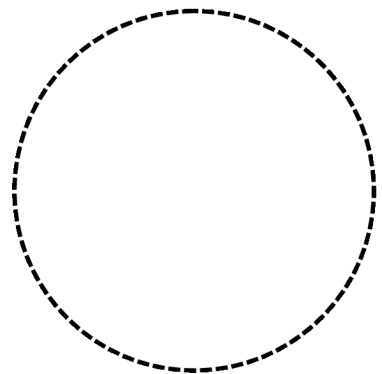

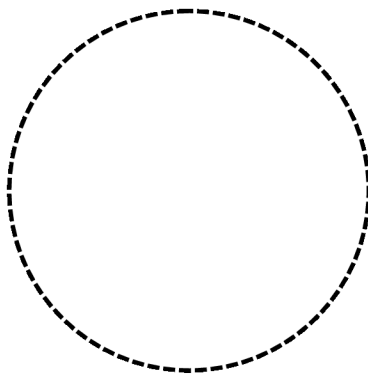

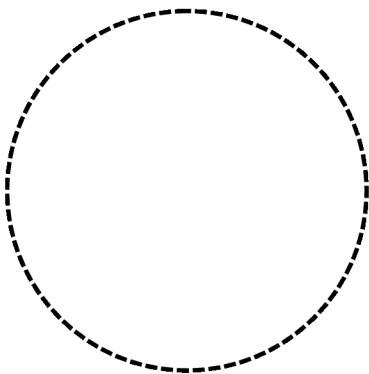

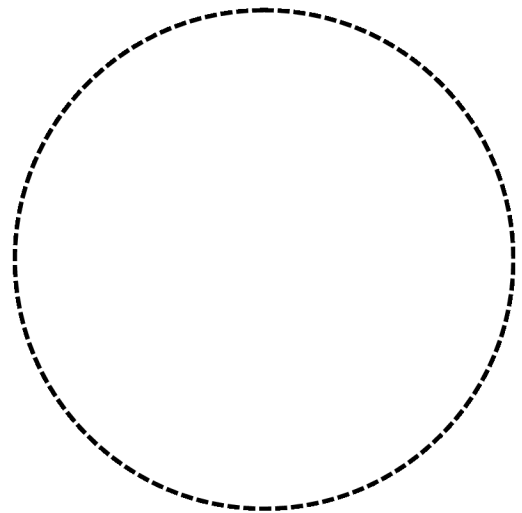

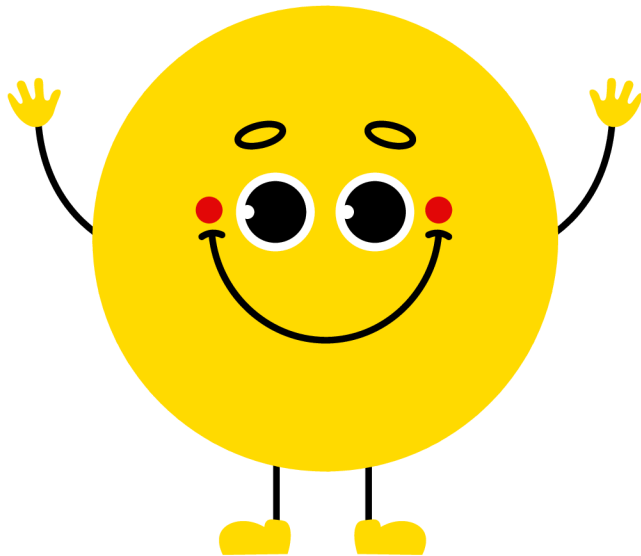

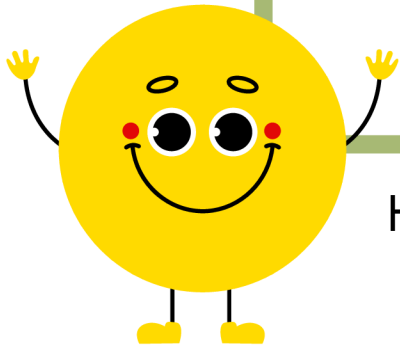

- Åk runt cirkeln med en leksaksbil.
- Spåra med fingret.
- Spåra med penna.

Cirkel

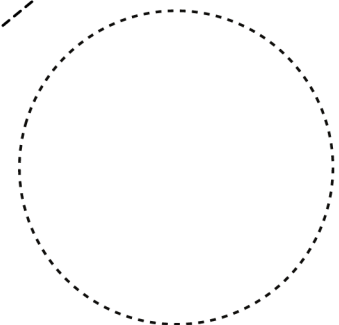

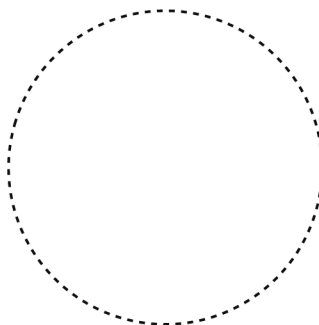

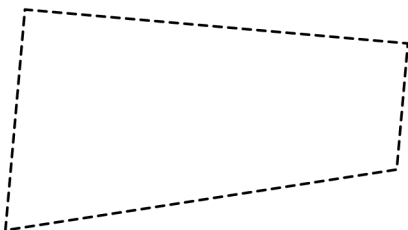

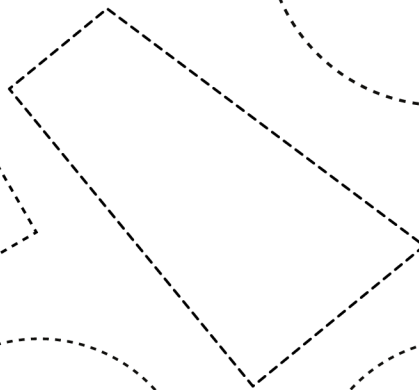

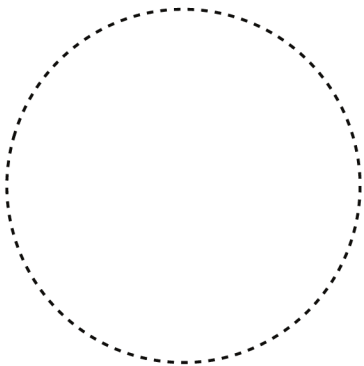

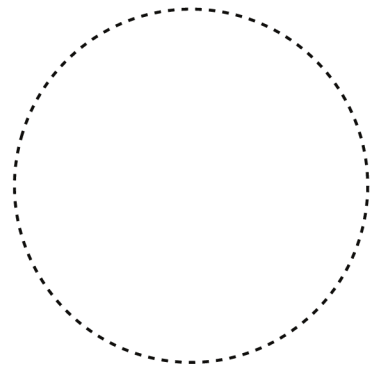

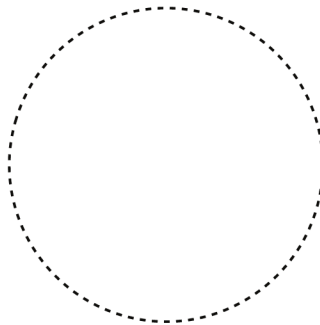

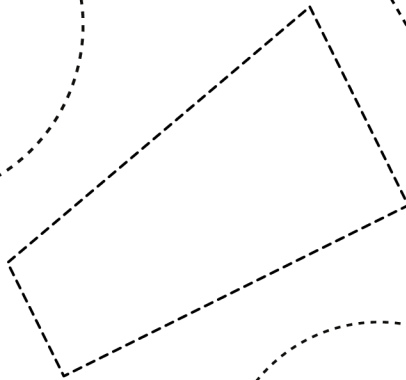

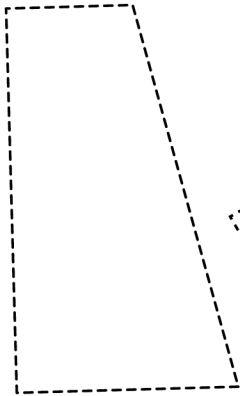

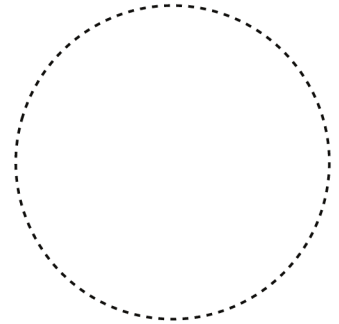

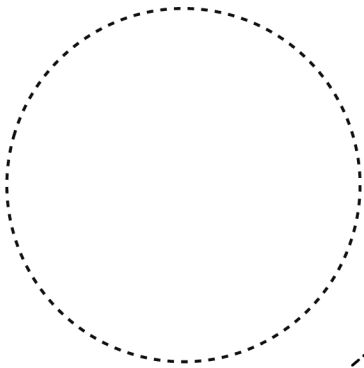

Spåra cirklarna.

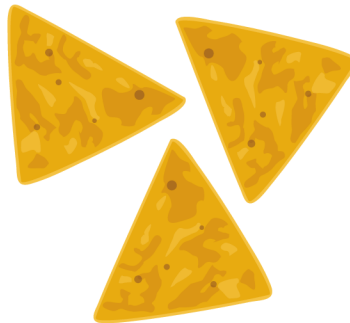

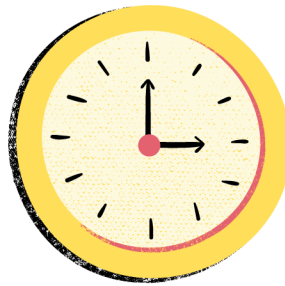

Hitta cirklar

Hitta, spåra och färglägg alla cirklar.

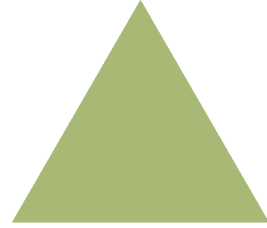

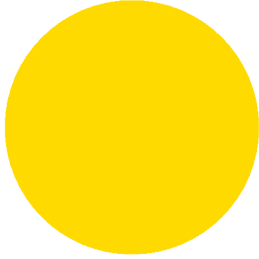

Sortera former

Klipp ut och sortera i rätt ruta.

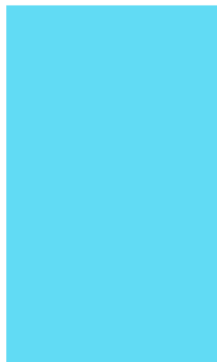

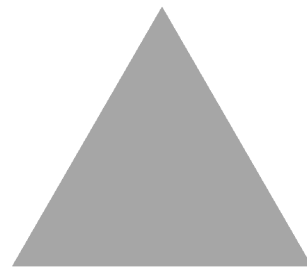

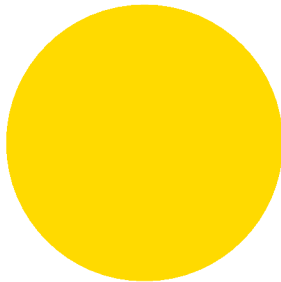

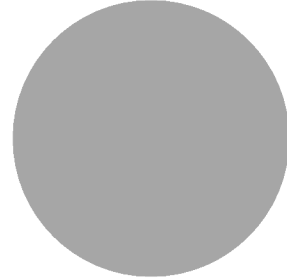

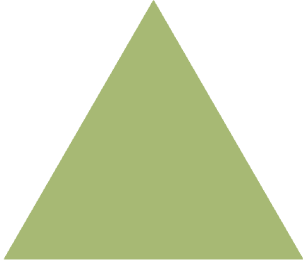

Sortera former

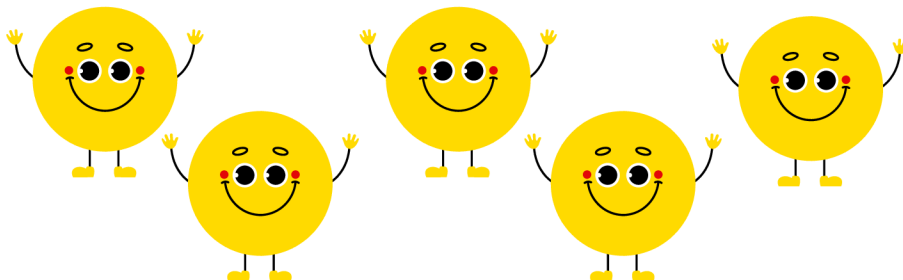

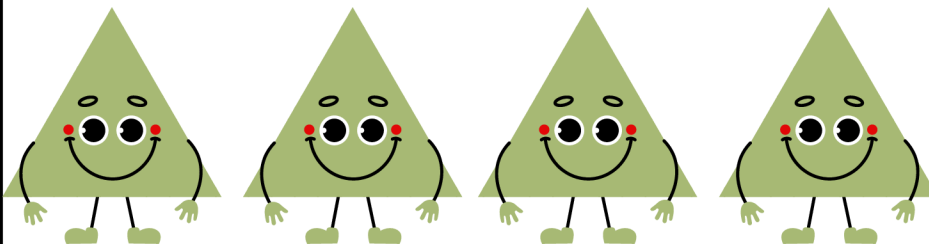

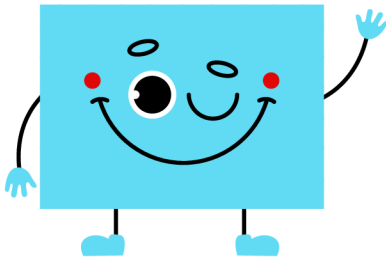

Förener rätt

Dra streck från rätt form till rätt skugga.

Räkna antal

Räkna antalet former och lägg rätt talkort i rutan

Geometriska former

Till läraren

Benämnn, spåra och sortera rektangel, kvadrat, triangel och cirkel.

Syfte

Eleven lär sig känna igen, benämna och rita de vanligaste geometriska formerna. Eleven tränar att räkna antal former.

Beskrivning

Med det här materialet bekantar sig eleven med geometriska former på ett mångsidigt sätt. Bland annat genom att spåra, sortera, söka former i omgivningen och förena rätt.

De fyra första bladen med rektangel, kvadrat, triangel och cirkel kan skrivas ut och användas som affischer i klassrummet.

Material

- låda med sand att rita i
- leksaksbil att spåra med
- laminerade arbetsblad

Tips!

Låt eleven känna och titta på fysiska geometriska former, exempelvis logiska block.

En del behöver mer för att få lika mycket.
