Syfte

Eleven spårar olika grundläggande former med penna eller med fingret. Eleven tränar finmotorik och gestaltsförmåga.

Beskrivning

Med det här materialet spårar eleven olika grundläggande former. De här övningarna fungerar som en förberedelse inför bokstavsskrivning. På sista sidan hittar du progressionen för spårning.

Material

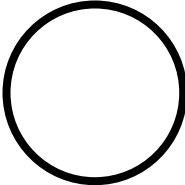

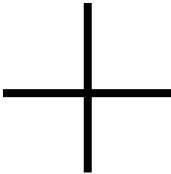

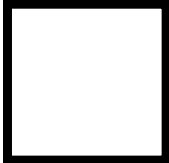

Du behöver endast skriva ut arbetsbladen. Du kan också laminera arbetsbladen om du vill använda dem flera gånger. Då behövs en vattenlöslig tusch som går att sudda bort med en pappershandduk. Du kan också lägga in arbetsbladen i en plastficka.

- laminerade arbetsblad
- vattenlöslig tusch

En del behöver mer för att få lika mycket.
